

## You're invited!

Join us to learn about our exciting  
Apprenticeship Program!

As an employee, I am gaining skills and expertise through a mix of theory and practical work.

# EDUCATION + PARTICIPATION

As an individual, I am integrated into projects and encouraged to contribute my ideas. For me, that's the perfect formula for job satisfaction.

- Location: Endress+Hauser Customer Center Auditorium
- When: Thursday, March 19, 2020  
6:00-8:30pm (dinner included)
- Where: 2355 Endress Place  
Greenwood, IN 46143
- Who: High School Students and Graduates (Class of 2020 or 2021) and their families

Local businesses interested in learning more about the program

Endress+Hauser offers an Apprenticeship Program to high school graduates looking to jump start their career through a combination of classroom education and real work experience. This three-year program is paid for by Endress+Hauser and provides its apprentices the skills to be successful in a variety of jobs and industries as well as an Associate's Degree in a technical field.

This event is intended for potential apprentices and their parents, as well as local businesses that want to learn more about the program.

In addition, we will provide guided tours of our state-of-the-art production centers for flow, level, pressure and temperature.

If interested, **RSVP** by scanning the QR code >>>

For additional information or questions, please contact Endress+Hauser at [apprenticeship.us.pcf@endress.com](mailto:apprenticeship.us.pcf@endress.com)

See you there!
